

2016

MATTHEW WILSON

FRONT END WEB DEVELOPER

COVER LETTER

After reading your recent advertisement for a Technical Architect I felt compelled to apply. It sounds like an ideal opportunity and one that is very similar to my current role. With over 5 years commercial experience within a Front-End Development role I feel I have a good grasp of the requirements you are looking to fill.

As a brief synopsis I am a university graduate with commercial experience gained from leading organisations such as Google, Microsoft, Apple and Yahoo!. Currently occupying a Dev role with team lead responsibilities I am looking to work on exciting projects and take that step up into a full time Senior Developer / Tech Architect position.

I am available immediately for interview and am based just 25 minutes from your office so please do not hesitate in giving me a call to arrange the next steps.

I will follow my application up in the coming days, however please do not hesitate in getting in touch should you have any questions.

Yours Sincerely,

Matt Wilson
